1. The amendment filed on 7/03/06 has been received and entered in the case.

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 28, 29, 33, 35 and 37-39 are rejected under 35 U.S.C. 103(a) as being unpatentable over applicant's admitted prior art in view of Baskett.

See paragraph three of the previous office action mailed on 12/29/05 for the details of this rejection.

4. Applicant's arguments filed on 7/3/06 have been fully considered but they are not persuasive.

The argument that there is no motivation to combine the admitted prior art with Baskett is without merit. Applicant should carefully reread the grounds of rejection and the teachings of Baskett. The motivation for combining the teachings is clearly set forth therein. As to the specific argument that "it wouldn't make any sense, from a digital logic perspective as taught by Baskett, to construct multiple logic states by incorporating the

Art Unit: 2816

circuit shown in Fig. 1 of Baskett with that of [instant] Fig. 1", this argument is without merit because no reasons have been given for this mere conclusory statement. Thus, the argument by necessity fails. The final argument, that the examiner has relied upon impermissible hindsight is also without merit because, again, no reasons have been given to back up such an assertion. In summary, applicant's entire response is merely a plurality of arguments that the rejections are improper without any reasons or evidence in support thereof. Thus, the rejection based on applicant's admitted prior art in view of Baskett is maintained.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory

action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
